Trembling at God's Word

But on this one will I look: on him who is poor and of a contrite spirit, and who trembles at My word.

-Isaiah 66:2

Do you tremble when God speaks? When was the last time you were physically affected by the reality that Almighty God just spoke directly to you? John lost all physical strength when God spoke to him (Rev. 1:17); Paul fell to the ground when Christ met him on the road to Damascus (Acts 9:4); Moses trembled when God spoke to him (Acts 7:32); and Peter, when he realized who Jesus was, “fell down at Jesus’ knees, saying, “Depart from me, for I am a sinful man, O Lord!”” (Luke 5:8).

Have you lost your sense of awe that the Creator still chooses to speak to you, His creation? Do you approach the reading of your Bible with a holy expectation, listening for the life-changing words that God has for you that day? Scripture says that “The fear of the Lord is the beginning of wisdom” (Prov. 9:10). There are things you will see and hear out of your fear and reverence for God that you will not experience in any other way.

As you study your Bible, you may sense that God has something to say directly to you through the verses you are reading. Take a moment to consider the awesome reality that the God who spoke and created a universe is now speaking to you. If Jesus could speak and raise the dead, calm a storm, cast out demons, and heal the incurable, then what effect might a word from Him have upon your life? The possibilities should cause you to tremble! The next time you open God's Word, do so with a sense of holy expectation.

Dear Church Family:

Thank you for the beautiful cross you sent to Mom’s service. Thank you for the wonderful meal you provided before the service.

Mostly, we thank you for the many prayers, cards and visits. We will always remember your many acts of kindness during this difficult time. God Bless, Larry, Lynn, Anissa, & Claire Manuel

Don Albertson Needs our help.

He needs to purchase an electric wheelchair. He has a GoFundMe account to help pay for it. If you can help in this endeavor go to <https://gofund.me/00d56725>. Also last Thursday around 6pm his apple watch warned him of an elevated heart rate and possible Atrial fibrillation he went to the ER around 7. He had a couple of rounds of meds which were unsuccessful so they performed a cardio version which brought his heart back into sinus rhythm. He went home at 11 and has a follow up visit with his cardiologist on 2/27. he was told that a 4 week wait is norm for Cardio versions. Please keep him in your prayers. Sandra
